

## Praveen Nagaraj

\*\*[Your Phone Number] | [Your Email Address] | [Your LinkedIn Profile URL]\*\*

## **\*\*Summary\*\***

Highly motivated and detail-oriented Frontend Developer proficient in React.js, HTML, CSS, and Bootstrap. Proven ability to design, develop, and deploy custom micro frontend applications that deliver responsive and user-friendly experiences across multiple devices and browsers. Eager to contribute to building scalable, maintainable, and performant web applications.

## **\*\*Skills\*\***

### **\*\*Technical Skills:\*\***

- \* **React.js:** Extensive experience in React.js development, including component-based architecture, state management (Redux, Context API), and lifecycle methods.
- \* **HTML5/CSS3:** Proficient in HTML5 semantic structure and CSS3 styling, including flexbox, grid, and animations.
- \* **Bootstrap:** Experience in utilizing Bootstrap framework for rapid prototyping and responsive design.
- \* **JavaScript:** Strong understanding of core JavaScript concepts, including DOM manipulation, asynchronous programming, and modern ES6+ features.
- \* **Micro Frontends:** Experience in building and deploying micro frontend applications, ensuring smooth integration and consistent user experience.
- \* **Git/GitHub:** Comfortable with version control systems, branching, merging, and collaborating on projects using Git and GitHub.

### **\*\*Other Skills:\*\***

- \* **Responsive Design:** Keen eye for design and user experience, ensuring seamless adaptation across different screen sizes.
- \* **Problem Solving:** Excellent analytical and problem-solving abilities, effectively debugging and resolving issues.
- \* **Communication:** Strong written and verbal communication skills for collaborating with team members and stakeholders.
- \* **Teamwork:** Proven ability to work effectively as part of a collaborative team.

## **\*\*Experience\*\***

\*\*[Previous Job Title] | [Previous Company Name] | [City, State] | [Start Date] - [End Date]\*\*

\* [Describe your previous experience related to the job description, highlighting your achievements and responsibilities. Focus on skills like developing micro frontends with

React.js, implementing responsive design, building reusable components, etc.]

\* [Quantify your achievements whenever possible.]
